

PartStock's *Value* Promise

PartStock will do everything possible to EXCEED your expectations on every purchase by providing exceptional customer service, high quality/consistent reconditioned products, and the best overall value available.

This is our promise to you:

Long Term Relationships:

We have been in business for over 15 years and our sales and customer service team has well over 70 years of both new and recertified technology experience.

Trust:

Over 98% of our customers have done multiple transactions with us and we have worked with thousands of schools and districts over the years. You can rely on us to recommend the best options and provide prudent advice to assist you in achieving your technology goals.

Quality:

PartStock owns every piece of equipment offered and we recertify all of our products in our facility with our own technical staff. We have provided over 350,000 systems to our customer throughout the years and we are constantly working to achieve the highest level of quality and consistency.

Customer Service:

Servicing and supporting you on every transaction is our hallmark and you can expect a very high level of customer service, which you rightly deserve. Whether you purchase a single part of thousands of systems from us, you will be treated with respect and personal attention. No auto attendant, no call center, and no games – we will address and take care of any issue you may have.

Value Pricing:

Simply put, recertified products will save your school and district significant dollars. Purchase from PartStock with confidence knowing that you have received an outstanding value.
